

# SINAN SHAJITH

## STUDENT | TECH ENTHUSIAST | PROJECT DEVELOPER

Motivated student with hands-on experience in Arduino projects, basic programming, web design, and multimedia editing. Seeking opportunities to gain practical experience through internships and collaborative projects.

### EXPERIENCE

#### Project Developer & Designer

Independent Projects                    2022 – Present

- Designed and developed multiple Arduino-based projects for science exhibitions, including assistive and robotic systems.
- Created logos, business cards, sticker designs, and branding assets for small businesses and personal brand projects.
- Built and modified basic websites using HTML, CSS, and hosting platforms.
- Assisted with photo and video editing for social media content and promotional use.
- Collaborated with peers on technical problem-solving, testing, and project presentation.

### EDUCATION

#### Secondary School Education (Class 11 - CBSE)

IISR

Currently Studying

### CERTIFICATIONS

- Awarded Certificates for Science & Robotics Exhibitions
- Certified School Project Participation

### SKILLS

- Arduino & Electronics
- Basic Programming
- Web Design
- Graphic Design
- Photo & Video Editing
- Problem Solving

### PORTFOLIO

[www.sinan-shajith.github.io](http://www.sinan-shajith.github.io)

Project repositories featuring Arduino projects, robotics, web development, and design work.
